

Instructions Letter of Notice - European Spring - World Freedom Alliance

#ENOUGH

Here are the instructions. You can create two kind of Letter of Notice. One is the OFFICIAL version and the other one is the PERSONAL version.

The difference is that on the PERSONAL version you need to sign the document on the OFFICIAL version you don't have to sign - it is already signed.

Both version need to send out for two person. One for the prime minister OR president of your county and the other is for the health minister of your country.

Here is the instruction for the OFFICIAL version:

1. Download the document: Letter of Notice European Spring OFFICIAL (once again: you need 2 copies - one for the prime minister OR president of your county and one for the health minister of your country)
2. Fill in all the spaces marked with brackets <...> - in the document - do not keep the brackets but KEEP the color of the text. The name is red, the country is green. It is important.
 - 1) Fill in the English full name and title of the prime minister or president of your country on the first notice and the native name and title of the prime minister or president of your country.
 - 2) On the second Letter of Notice you fill in the english full name and title of the health minister of your country and the native name and title of the health minister of your country.
 - 3) You fill in the **official** name of your country in two places, at the top and in the text further down in the document, you can find it if you search your country online. (is **Kingdom of Sweden** for Sweden)
 - 4) Write in the full physical adress of your government.
 - 5) Once again: You can choose to sign the document personally (PERSONAL) together with two witnesses (personal version) or Use the WFA version (OFFICIAL), then you leave the end of the letter as it is.
 - 6) Save the document(s)
 - 7) Print out the document(s)
 - 8) Do the following (to do ALL options is of course the best, but one of them is sufficient:
 - a) Go to your parliament and personally deliver the 2 letters. See to it that you get a receipt that the letters are delivered. Make sure to film the delivery and send it to support@worldfreedomalliance.org, and upload and share on your social media with the #enough
 - b) Mail the two letters separately one to the prime minister and one to the

health minister. Send them by recommended post and see to it that you get a receipt for both letters.

c) E-mail the letters to the official emails of the health minister and the prime-minister, ask for a receipt that they have received the email. Take a photo of the email when it is sent.

7) Take a photo of the receipts and send them to us at the following e-mail:
support@worldfreedomalliance.org

8) **IMPORTANT** - You have to send two more notifications to remind them that they have to answer if you have not gotten any reply, called notice to remedy/note to cure and the last notice of default. There should be 14 days in-between these letters. More info can be found on our homepage.

Feel free to film and upload these very important actions on your social media. If you would like send the videos to us, we can put powerful material together share it on social media. Please use the hashtag #ENOUGH
